Atty. Docket No. 100021-00030

For: PROCESS FOR DESULFURIZATION OF EXHAUST GAS WITH SEAWATER

REQUEST FOR RESTARTING THE PERIOD FOR RESPONSE

Commissioner of Patent
Washington, D.C. 20231

October 8, 2002

Sir:

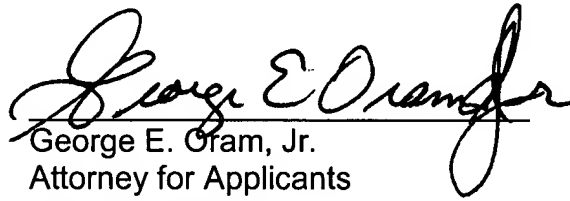

The Applicants respectfully request a restart of the time period in which to respond to the Office Action "dated" April 9, 2002. This date is inconsistent with the remainder of the Action. Our office dated stamped the Office Action as being received on September 20, 2002 (see attached). Page 10 of the Office Action containing the Examiner's signature is dated September 12, 2002. In addition, the Action refers to Paper No. 6 (copy attached) as date stamped August 8, 2002. The copy of the PTO-1449 filed with the IDS of August 8, 2002 is date stamped by the PTO mailroom as received August 8, 2002 and date stamped by TC 1700 on August 13, 2002. Further, the Examiner considered the art from Paper No. 6 on September 12, 2002, as evidenced by his signature and dating. Thus, it is impossible for this Office Action to have been issued April 9, 2002.

In view of the above facts, it is respectfully requested that the Patent and Trademark Office issue a new Office Action in the subject application as soon as possible.

In the event this paper is not considered to be timely filed, the Applicants

respectfully petition for an appropriate extension of time. Any fees for such an extension, together with any additional fees that may be due with respect to this paper, may be charged to Counsel's Deposit Account No. 01-2300.

Respectfully submitted,

George E. Gram, Jr.
